

DOUBLE K ELECTRONICS AUTOMILKER[®]

RAM RELEASE CYLINDER

Do you have an Automatic Milking Machine? Are the cords to the cluster becoming hard to pull out. We have developed a special RAM VENT and Cylinder release that enables efficient cord retraction.

YES! Can be fitted with ease to **any** milking plant brand, new or old and is fully customizable to suit your particular needs

FOR FURTHER INFORMATION AND A FREE PROMOTIONAL DVD ON THE AUTOMILKER CONTACT...
